

## **CONTRACT SUPPORT ENGINEER – MIDDLE EAST**

We have an exciting opportunity for a Contract Support Engineer to act as Sparrows management representative leading service delivery on our key ADMA OPCO contract based in Abu Dhabi. Reporting to the Business Area Manager, Middle East, this challenging position will include normal ex-pat benefits (tax status, travel, etc) – plus the opportunity to experience life (and warm weather!) in the dynamic Emirate of Abu Dhabi.

### **The role**

The primary function of this role is to manage the day to day running of the Contract which covers X cranes on Y platforms in the clients A, B and C fields. This will include handling queries from offshore supervisors, daily liaison with the Client's onshore and offshore management representatives, attending review meetings and preparation of annual plans and budget forecasts together with proposals and tenders as required.

The successful candidate will also be required to build and maintain positive and constructive working relationships with clients, management, team members and other colleagues. You will be able to demonstrate the ability to lead and motivate the offshore team to ensure planning, technical integrity and successful completion of contract activities.

### **The profile**

To best be able to perform on the job, the ideal candidate should have:

- A minimum of 3 to 5 years working in an offshore crane related Project Engineer/Graduate Engineering capacity.
- Hold a Mechanical Engineering degree or equivalent.
- Ability to carry out regular offshore visits, surveys and audits.
- A sound knowledge of lifting and material handling equipment
- Flexibility to deal with new challenges
- Excellent communication skills
- Strong leadership skills
- 

This is the ideal opportunity to add an international dimension to your career as a crane/lifting engineer. The additional breadth of experience gained also means that success in this role would be likely to enhance your future career.

### **To apply**

Please submit your application in writing detailing your capabilities and experience to date and highlighting your suitability for the role along with any other relevant information to.
